Test Sample Questionnaire - Wastewater Treatment Plants

The information requested is used to ensure that your material is handled and shipped in accordance with Federal and State regulations as well as Komline-Sanderson's policies. Information necessary to caution and warn people of risks associated with the handling and shipping of your material must be provided.

Is the sample generated at a municipal wastewater treatment plant? yes, no.

If you are not a municipal wastewater treatment plant, please complete the "K-S Test Sample Questionnaire, Samples from Industrial Plants" instead of this form.

Is the sample classified as a hazardous material or substance in accordance with DOT or EPA regulations? yes, no.

Identify the major components below or attach your own analysis. Use a separate questionnaire for each sample being sent to K-S.

Component Name

1. _____ % by weight
2. _____ % by weight
3. _____ % by weight

Trace components not listed above: _____

Are there any precautions to be taken? yes, no.

If yes, please indicate the risk and precaution to be taken: _____

Does the sample represent the actual feed material? yes, no. If not, provide instructions to prepare it for evaluation: _____

The person responsible for the material information sent to Komline-Sanderson should complete and sign the following:

Name: _____ Title: _____

Signature: _____ Plant: _____

Date: _____ Mailing Address: _____

e-mail: _____

Tel: _____ City, State, Zip: _____

Fax: _____
