

# User-friendly!

## Komline-Sanderson Plunger Pump

1

### New "leak-free" technology

Greatly minimizes the mess often associated with plunger pumps

2

### Enhanced plunger materials

- Hardened, gas nitrided, Class 40 cast iron
- Various hard coatings, such as Aluminum Oxide, Tungsten Carbide or Chrome Oxide

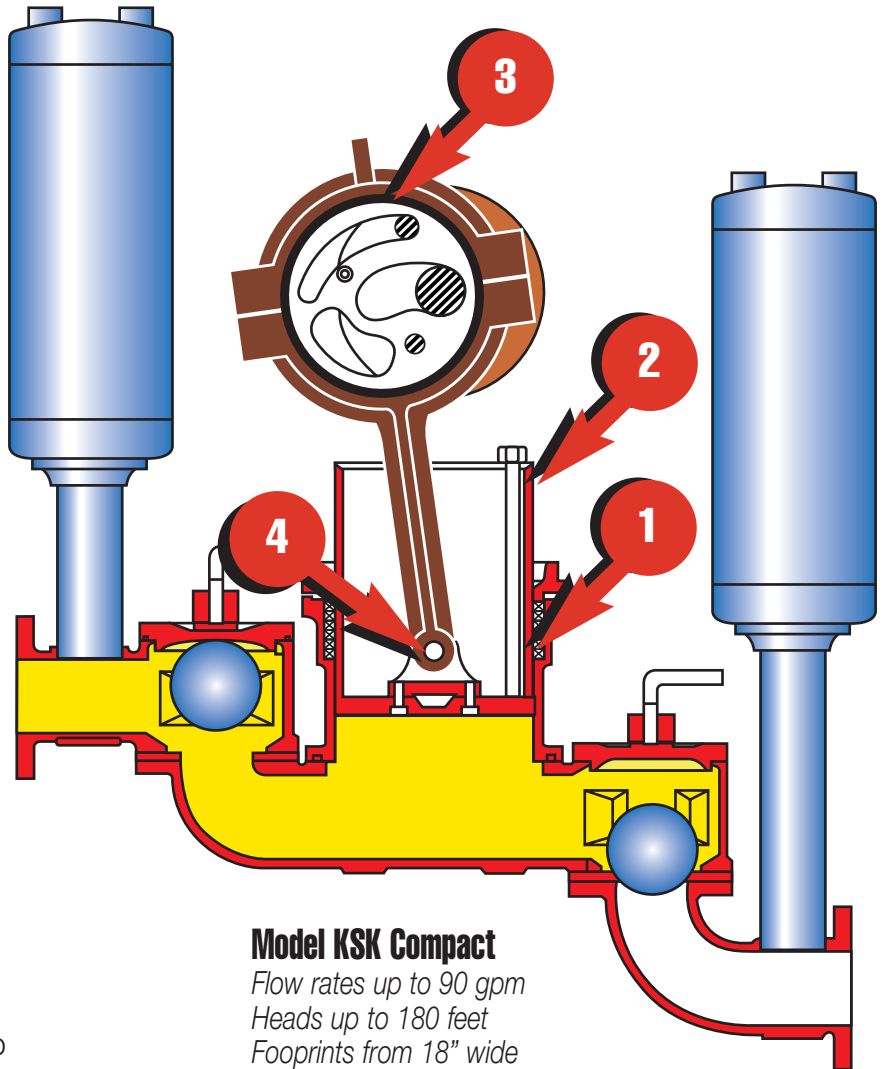

3

### Replaceable marine-grade babbitt bearing

A separate, replaceable babbitt liner allows replacement without disassembly of the pump

4

### Lubrication-free wrist pin bushing

### Model KSK Compact

Flow rates up to 90 gpm  
Heads up to 180 feet  
Footprints from 18" wide
